

REMARKS

The present amendment is submitted in response to the *Ex Parte Quayle* Action in which Claims 1-20 now stand allowed. A new sheet numbered 5/5 containing new FIG. 5 is submitted herewith to address the requirement that features such as a "first memory" and an "alternate memory" recited in the claims (*viz.* claim 19 *et seq.*) be shown in the claims. In addition, corresponding changes are made herein to the Specification including the newly added paragraph at page 19 which closely tracks the language of the claims, particularly claim 19. Thus, it is submitted that no new matter is introduced by way of the present amendments.

In view of the foregoing amendments to the drawings and remarks, Applicants submit that the application is now in condition for immediate allowance; allowance of which is respectfully requested. If for any reason the Examiner has any question regarding the content of this amendment or the allowability of the presently pending claims, he is respectfully requested to contact the Applicants' undersigned attorney at the telephone number indicated below.
